Bad for Colorado....Bad for Fire Fighters

Ballot measures 60, 61 and 101 would radically restructure Colorado's tax system, forcing the state to operate without the revenue it needs to provide basic services. The measures would cripple our economy and cut off funding for everything "from building schools for our children to supplying clean water to our homes." (Denver Post editorial, 7/7/10)

The Cost Is Too High

- ✓ Cost Colorado over 73,000 more jobs
- ✓ Unprecedented state and local deficits
- ✓ Loss of 8,000 teachers jobs & crush education funding
- ✓ No means to improve infrastructure & Fire Departments

**FIRE FIGHTERS COULD LOSE
THE FUNDING NECESSARY TO ENSURE
SAFE EMERGENCY SERVICES**

Vote NO on 60•61•101
